

Do you know a child who...

- loves to move, climb, spin or swing all of the time?
- is an extremely “fussy” eater?
- seems sensitive to noise, light, touch or smells?
- has trouble sitting still or concentrating at school?
- finds it difficult to manage their emotions?

**Join us at our online parent & carer
workshop on Saturday 15th May 2021
at 9:30 - 1**

An Introduction to Sensory Processing & Strategies

At our **Sensory Awareness workshop** you will...

- Discover how the sensory systems work
- Learn about sensory processing difficulties
- Understand why children may behave as they do
- Find out about sensory strategies to support your child

About Sens8tional

We are a not-for-profit company based in the North East. With over 16 years professional experience in Occupational Therapy and Education, we are passionate about supporting families to help their children reach their true potential.
